Powerful A4 Colour Laser MFP in a compact design

Affordable in-house colour production

Productivity boosting speed, functionality and reliability

Workflow smoothing solutions and flexibility

Sensitive data stays secure

Cut costs while being environmentally responsible

# Get more power and save money

Save time with the XC4150's integrated software and solutions. Stay productive with print and scanning speeds fast enough to keep work moving. Look professional with gorgeous colour.

- ▶ Brilliant colour in an affordable, space-saving device
- ▶ Up to 50 pages per minute† print speeds
- ▶ Spend less time on supplies with high-yield toner capacity and shake-free science
- ▶ Expandable universal input trays

## Speed for productivity with the functionality and reliability you need

**Productivity stays high** when even large color print jobs complete quickly. Thanks to print speeds of up to 50 ppm.

**Minimise wait time** with XC4150's ability to print a single colour page in as little as 5 seconds. Convenient direct printing from flash drives, network drives or online servers save you even more time.

**Power through** complex print jobs with large, high-resolution photos and graphics. The powerful print controller has the processing power you need built-in.

**Digital workflows and paper documents** won't slow you down. The XC4150 scans up to 60 ipm, combined with the powerful quad-core processor, your information is captured and made available to you and your network applications fast.

**Work from wherever, print where you want** with mobile printing from iOS, Android and Windows Mobile devices and optional wireless and NFC direct mobile printing from smartphones and tablets. The XC4150 is also Google Cloud Print, Apple Airprint 1.5 and Mopria ready.

**Better access for all** with the tilting eTask panel that makes the interface viewable for users at all heights, drawers and paper guides that move effortlessly, and standard headphone jack and talk-back features to help users with limited vision engage with the device‡.

† Print and copy speeds measured in accordance with ISO/IEC 24735 respectively (ESAT). For more information see: [www.lexmark.com/ISOspeeds](http://www.lexmark.com/ISOspeeds).  
‡ Meets advanced Section 508 and European Standard EN 301 549 guidelines for accessibility.

## Look sharp for less with gorgeous colour and professional finishing

**Colour so accurate and affordable, you can print colour in-house.** You can match all of your brand colours and have accurate colour output without having to pay a premium. Lexmark Colour Replacement combines spot colour replacement and RGB replacement for precision matching of critical colours. PANTONE® calibration and embedded colour sample pages to help you nail perfect colour at the design stage. Lexmark Colour Replacement combines spot colour replacement and RGB replacement for precision matching of critical colours. Lexmark's 4800 colour quality is ultra-sharp even at full speed.

**Less hands on hassle with a high input capacity** with up to 2,300 sheets of input capacity, paper is less likely to run out, so you don't have to wait or intervene to finish printing.

**Improve your productivity with the XC4150 that keeps on running**

- ▶ Toner cartridges yield up to 20,000 pages
- ▶ Photoconductor, developer, and fuser last up to 150,000 pages
- ▶ No shake Unison™ Toner cartridges mean perfect prints to the last page without interruption

## Advanced scanning technology

Connect your digital systems to your unstructured content with ease. The advanced scanning technology on the XC4150 makes it fast and hassle-free.

- ▶ Improve scanning productivity and capture efficiency by reducing the time involved in manual document preparation and automatically enhancing the quality of scanned images with the Lexmark VirtualReScan (VRS) integration option<sup>§</sup>
- ▶ Scan a stack of mixed sized originals at full speed
- ▶ Keep things fast and file sizes small with colour detection that scans in mono if no colour is found
- ▶ Reduce file sizes and maintain information accuracy with Mixed Raster Content (MRC) file compression
- ▶ Achieve accurate, high resolution images with Charged Coupled Device (CCD) sensors and four-piece optical glass lenses
- ▶ Don't waste time restarting a job. Page-level jam recovery picks up where the job left off

<sup>§</sup> Virtual ReScan integration with Lexmark TotalAgility

## Workflow smoothing solutions

Bridge the gap between your paper documents and software systems with the fully-configurable device-based apps. The built in productivity solutions future-proof your investment.

### Standard device-based apps shipping with this series include<sup>1</sup>:

#### AccuRead OCR

In less time than it takes to enter data manually, your organization can create searchable files or editable content using the included AccuRead OCR. Other vendors charge extra for this critical capability.

#### Scan Centre

One app to send your scanned documents to multiple destinations simultaneously with optional delivery confirmations.

#### Forms and Favourites

Keep frequently used forms and documents easy to access and save money by eliminating preprinted forms.

#### Card Copy

Capture both sides of ID/credit cards, print on one side of paper and save to a network folder.

#### Address Book

Manage the device's internally stored user data, contacts and scan destinations from the e-Task touch screen or the embedded web server.

### See the possibilities with our intuitive interface

Minimise the need for training with the familiar modern tablet-like capabilities of our eTask interface on a bright 17.8 cm colour touch screen. Use swipe and touch gestures to navigate the intuitive interface to access convenient features, including:

- ▶ Preview your entire print job
- ▶ Print Microsoft Office and other file types from USB or mobile devices
- ▶ Customisable shortcuts and bookmarks
- ▶ Realise your return on investment with true integration
- ▶ Access corporate address book for quick document routing
- ▶ Enable user tracking, accounting and permissions for cost and print management

<sup>1</sup> Additional device-based apps may ship with the device and additional apps can be added.

# XC4150

- 1. Intuitive colour touch screen with new eTask interface** A bright 17.8 cm screen uses familiar swipe and touch gestures, minimising training time to get users up to speed.

- 2. Direct printing** Microsoft Office files and other document and image types print right from flash drives. You can even preview jobs on the eTask screen prior to printing.

- 3. Unison™ Toner system with long-life supplies** Unison™ Toner delivers consistently outstanding image quality plus long-life system reliability and amazing sustainability in a high-yield, no-shake design.

- 4. Software solutions** Combine device based capabilities with additionally purchased Lexmark fleet management tools and your existing software and technical infrastructure to form the Lexmark smart MFP ecosystem. Its adaptability future-proofs your investment in Lexmark color laser technology.

- 5. Expandable input** Print on multiple paper types and boost input capacity to 2,300 sheets

## Sensitive data stays secure

**Authorise and authenticate** who and what gets access to your network along with remote monitoring and management.

**Protect your device on all fronts** with port and connection filtering to limit active access and encryption and wiping of the optional hard disk to secure sensitive print job data. Digital signatures on firmware updates keep hackers at bay.

**Authentication to fit your protocols** from badge readers, PIN or passwords. Once users are authenticated the connect to your network is fully secure. If user authentication fails the eTask panel shuts down to protect your device settings.

**Put a stop to data leaks** on the standard hard disk with 256-bit AES encryption and encryption keys stored in the MFP's memory, not the hard disk. Data is almost impossible to read if the hard drive is removed.

## Cut costs while being environmentally responsible

**Save power** with multiple power saving modes. Sleep mode uses less than 3 watts between jobs. Hibernate mode uses less than half a watt during scheduled on/off periods.

**Save paper and toner with no hassles.** Standard double-sided printing, printing images a lighter shade with the ColourSaver feature that still leaves text dark and readable and Lexmark's Eco Copy solution are just some of the eco-friendly options.

**Smarter toner saves energy and more.** Lexmark Unison™ Toner fuses at a lower temperature that requires less energy. Through the free and easy Lexmark Cartridge Collection Program (LCCP), ship empty cartridges back to our recycling centers for sustainable recycling.

### Lexmark Sustainability

For Lexmark, commitment to the environment isn't a marketing tagline, it's a core value backed up by real action and results. <sup>1</sup>Average yield at approximately 5% print coverage per colour. <sup>2</sup>Recommended Monthly Page Volume" is a range of pages that helps customers evaluate Lexmark's product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage. <sup>3</sup>Maximum Monthly Duty Cycle" is defined as the maximum number of pages a device could deliver in a month using a multishift operation. This metric provides a comparison of robustness in relation to other Lexmark printers and MFPs. <sup>4</sup>Printers are sold subject to certain license/agreement conditions. See [www.lexmark.com/printerlicense](http://www.lexmark.com/printerlicense) for details. <sup>5</sup>Actual Yield may vary based on other factors such as device speed, paper size and feed orientation, toner coverage, tray source, percentage of black-only printing and average print job complexity. <sup>6</sup>Print and copy speeds measured in accordance with ISO/IEC 24734 and ISO/IEC 24735 respectively (ESAT). For more information see: [www.lexmark.com/ISOspeeds](http://www.lexmark.com/ISOspeeds). <sup>7</sup>Product functions only with replacement cartridges designed for use in a specific geographical region. See [www.lexmark.com/regions](http://www.lexmark.com/regions) for more details. <sup>8</sup> Average continuous black or continuous composite CMY declared cartridge yield up to this number of standard pages in accordance with ISO/IEC 19798.
